- Shall not, under any circumstances, endorse, recommend, or suggest the use of performance-enhancing drugs or supplements by student-athletes

### **COMMITMENT TO THE SCHOOL COMMUNITY**

#### **Coaches shall:**

- Recognize that school sports is an extension of the classroom, and shall conduct themselves accordingly when performing coaching duties;
- Recognize they are reflecting and representing their school community and behave in such a way that shall bring credit to their school and to themselves;
- Behaviour that shows integrity, respect, care and honesty;
- Not, under any circumstances, start pre-season tryouts or practices to the detriment of any in-season sports;
- Not, under any circumstances, require, suggest or imply that a student-athlete cannot or should not participate in any sport in the season preceding or following the coach's season of play;
- Not, use tobacco, alcohol and or drug products while in the presence of student-athletes, and shall discourage their use, along with performance-enhancing drugs, by student-athletes.

### **DURING PRACTICE**

#### **Coaches shall:**

- Treat everyone fairly within the context of the activity;
- Direct comments at the performance, rather than the person;
- Provide a safe playing situation for student-athletes by ensuring that the activity is suitable for the age, experience, ability and fitness level of the players and by educating players about responsibilities in contributing to a safe environment;
- Do their best to organize practices that are instructional, fun, challenging and growth focused to all players;
- Be knowledgeable in the rules of the game and teach these rules to the student-athletes.

### **DURING A GAME/TOURNAMENT/COMPETITION**

#### **Coaches shall:**

- Lead by example in demonstrating and promoting fair play and sportsmanship to all participants;
- Place the emotional and physical wellbeing of players ahead of a personal desire to win;
- Refrain from public criticism of players, fellow coaches, managers, officials, scorekeepers and or table officials (includes social media);
- Accept responsibility for the sportsmanship and conduct of your players;
- Fulfill all competition, invitational, playoff and championship competitive and event obligations;
- Observe the rules of the sport, the spirit of the rules of the sport, and shall encourage student-athletes to do the same.

### **WITH OFFICIALS, SCOREKEEPERS AND TABLE OFFICIALS**

#### **Coaches shall:**

- Respect the judgment, rulings and interpretation of the officials, scorekeeper and table officials without gesture, argument, foul, profane, harassing or offensive language, and shall require student-athletes to do the same;
- Demonstrate respect and support for officials, scorekeepers and table officials, and encourage student-athletes to do the same;
- Recognize that at most levels of play, officials, scorekeepers, and table officials are sometimes young and inexperienced and will require more patience and support.

I agree to abide by the expectations as outlined above in the Surrey Secondary Schools Athletic Association Code of Conduct Agreement.
